Virtual Camp Volunteer

Camp Trailblazers is a camp run by AboutFace, a national charity that supports individuals and families living with facial differences. Our mission is to promote and enhance the emotional and mental well-being of individuals with facial differences and their families through social and peer support, information, educational programs, and public awareness. Our programs and services aim to encourage and empower the facial difference community, families, friends, and allies while providing educational resources and public awareness campaigns.

Camp Trailblazers is looking for passionate, energetic, and responsible volunteers to support our camp programming (in-person and virtual).
